

A woman with dark hair is lying on a wooden slatted bench in a spa treatment room. She is wrapped in a white towel and has a serene expression. The room is dimly lit, with light coming from a large window that shows a scenic landscape of rolling hills, a river, and mountains under a bright sky. The text 'SPA GRAN EGA' is centered over the window view.

AYURVEDA

Ayurveda is a holistic science of health, focusing on maintaining the state of emotional and physical balance. Ayurveda began about 3000 years ago when Indian monks believed that preserving their health would help them meditate and develop spiritually. Over thousands of years of observation, they gathered all their conclusions and advice and preserved it for future generations. This collection of knowledge came to be known as the "science or knowledge of life".

ABHYANGA

Abhyanga is one of the panchakarma treatments, and it also happens to be one of the most traditional of Ayurvedic treatments. Abhyanga is essentially a full-body oil massage, and it is very popular. Many affectionately refer to Abhyanga just as "the relaxing massage".
